

First of let me introduce myself.

My name is Jurijus Pacalovas. I am thirty years old. I am from Lithuania.

I was born in Lithuania.

I have been living in Ireland for 14 years.

My

family is not very big. I have a brother and he is younger than me. He is seventeen years old. I have two dog and a parrot. My parents are not old at all. My dad is fifty-three years old and he is a driver. My mother is fifty-five years old and she is a cleaner. My grandmother is already retired. She lives in Lithuania.

I

want to tell you that I'm doing my free time. In my free time I usually read books, walk in the park and listen to music.

I want to tell you about my past, but I do not do it anymore because I have other interests and I grew up. I used to play chess very often but now I play checkers. When I was young I used to play with cars, but don't anymore. I like swimming. Swimming is good for my health.
